

## eHealth SMEs For partnership

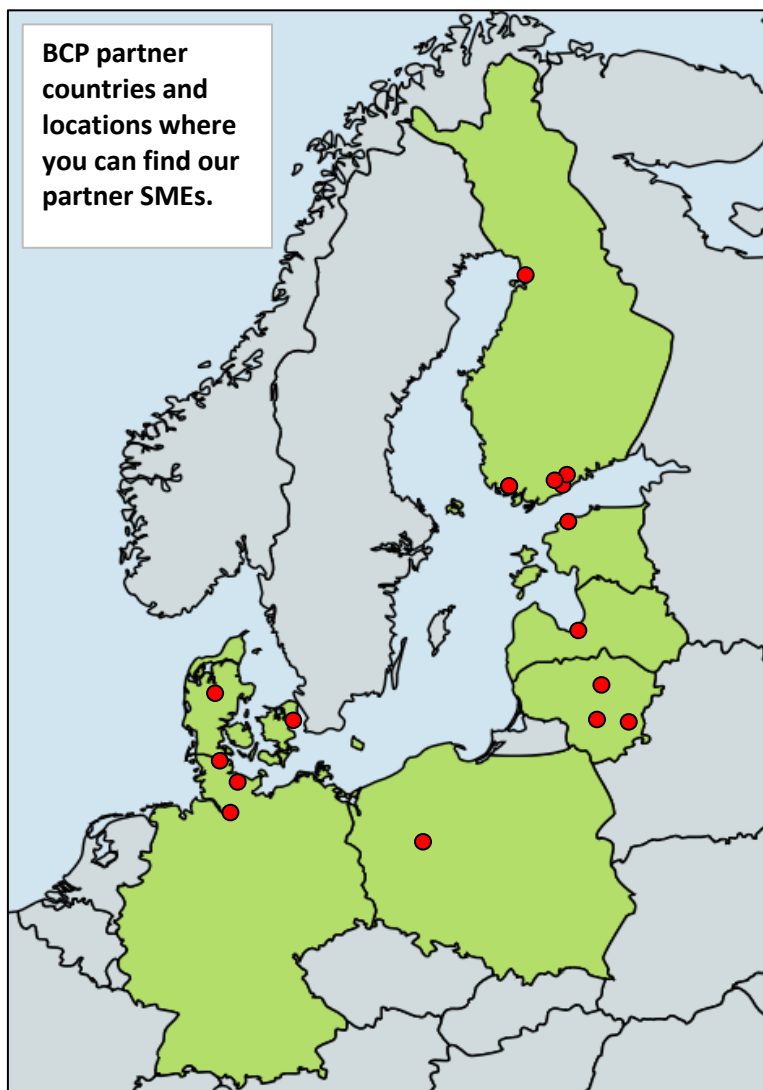

One objective of BaltCityPrevention is to foster the cooperation between Public Health Authorities and companies from the eHealth sector.

This catalogue is developed to map competencies and products of health IT SMEs in the Baltic Sea Region.

- One objective of BaltCityPrevention is to foster the cooperation between Public Health Authorities and companies from the eHealth sector. This catalogue is developed to map competencies and products of health IT SMEs in the Baltic Sea Region. The catalogue is updated throughout the project lifetime and accessible for all SMEs.
- The BaltCityPrevention business catalogue is easy to browse through. The companies are first listed in alphabetical order after countries (7 Baltic Sea Region countries). The list provides a brief explanation of the company's products and services and a direct link to the homepage. In the second list all the companies are listed in alphabetical order with more detailed background information.

Partner companies:	
Denmark:	3
Estonia:	6

<p><b>Wielkopolska ICT Cluster</b></p> 	<p>Address: Zwierzyniecka 20, 60-814 Poznan • Poland • Tel. +48 510117254          Founded: 2008 • No. Of Employees: 51-250 • Website: <a href="http://www.wklaster.pl/en">www.wklaster.pl/en</a>          Contact person: Adam Olszewski • Email: <a href="mailto:info@wklaster.pl">info@wklaster.pl</a></p> <p>Wielkopolska ICT Cluster Association constitutes a regional ecosystem of ICT organizations from research, business, NGOs and local governments. According to Deloitte survey, we are the leading ICT research driven cluster in Poland. Founded in 2008, we now have 100+ members, including Poznan Supercomputing and Networking Center, Poznan University of Technology, Poznan University of Economics and Poznan City Hall. Moreover, we have 70+ IT companies, in it ca. 50 SMEs. Our mission is to drive the economic and innovative growth of our region by means of integrating its ICT environment. We constitute a collaborative platform for all ICT-related stakeholders in the region. We are devoted to develop mutually beneficial relationships both on national and international levels.</p>
